

# MUHAMMAD ALI HASSAN

Computer Scientist Islamabad, Pakistan | 0331-5133382 | contact.mah2004@gmail.com | alihassan-psi.vercel.app

---

## SUMMARY

Motivated developer with a strong foundation in programming, data structures, and software development. Experienced in building academic and personal projects using Python, Java, and C++, with a growing focus on web development and databases. Passionate about learning new technologies, solving complex problems, and collaborating with teams to create practical, user-focused solutions. Currently seeking an internship to gain hands-on industry experience and contribute to impactful projects while continuing to develop technical and professional skills.

---

## SKILLS

**Technical:** Python, Java, C++, JavaScript, HTML, CSS, Flutter, Kotlin, SQL, Graph Database.

**Soft Skills:** Teamwork and collaboration, Fast learner, Quick Adapter.

---

## EXPERIENCE

**Software Productivity Strategists** | Islamabad, Pakistan (Remote) *Intern* | 07/2025 – 09/2025

Worked as a Mobile Application Developer, Front-end Developer, and AI Intern.

Contributed to software productivity strategies and development workflows.

---

## PROJECTS

**Quzzit** | *Flutter*

Mobile Quiz app that fetches new questions from the internet.

Features dynamic difficulty adjustment based on the user's previous answers.

**Skin Consultant** | *Java*

A consultation application that provides skin care advice based on user-reported symptoms.

**Expense Manager** | *JavaScript, React*

A web application designed to track and manage personal expenses.

---

## EDUCATION

National University of Technology (NUTECH) | Expected 07/2027

Bachelors in Computer Science (6th Semester)

Punjab College, Blue Area Campus

FSC (Pre-Medical)

I.M.C.B G-10/4

Matric (Biology)

---

## KEY ACHIEVEMENTS

- Developed multiple schemas, writing complex SQL queries, and implementing CRUD functionality.
- Built responsive web applications using modern front-end and back-end technologies, focusing on usability, performance, and clean code practices.
- Created mobile application projects demonstrating UI/UX design, API integration, and real-world problem solving.
- Applied object-oriented programming, data structures, and software engineering principles across academic and personal projects.
- Demonstrated strong problem-solving skills by completing end-to-end projects from planning and design to testing and deployment.
- Certified in Automotive Mechatronics (NAVTTTC), showing cross-disciplinary technical exposure and adaptability.
- Selected as Event Manager at NUTECH Drama Club, demonstrating leadership, planning, and team coordination skills.

---

## LANGUAGES

**Urdu:** Native or Bilingual

**English:** Full Professional Proficiency

**Pashto:** Limited Working Proficiency
